OBJECTIVE

Experienced Software Engineer specializing in security research and full-stack development with over 4 years of freelance experience, actively seeking full-time opportunities in roles such as Software Development Engineer, Full Stack Developer, Front-end Developer, and Back-end Developer.

SKILLS

Technologies/Languages	JavaScript, TypeScript, Java, Python, C, C++, SQL, HTML, CSS
Databases	MongoDB, MySQL, SQLite
Libraries and Tools	Node.js, React.js, Next.js, Express.js, Nest.js, Tailwind CSS, PyQt

EDUCATION

Bachelors of Technology, CSMSS CSCOE (DBATU affiliated) **CGPA: 8.65/10** 2020-2024

Relevant Coursework: Data Structures and Algorithms, Operating Systems, Database Systems, Compiler Design, Machine Learning, Computer Networks, Internet of Things, Software Engineering

EXPERIENCE

Full Stack Developer Jul 2025 - Present
Upgrad - Chh. Sambhajji Nagar *Offline Center*

- Full Stack Development internship at Upgrad.

Computer Security Researcher Mar 2018 - Present
Freelance on HackerOne Platform *Remote*

- Demonstrated skills by successfully uncovering **over 50 bugs** across various. software environments.
- Produced **detailed reports** and actively collaborated in comprehensive security analyses, contributing to the development of robust protection measures.
- Specialized in **"proof-of-concept" (POC)** development.

Software Engineer Mar 2020 - Dec 2024
Freelance *Remote*

- Lead the development and delivery of **4 software solutions** ensuring quality and meeting diverse requirements.
- Foster effective collaboration with fellow engineers, offering consultation and guidance to optimize existing projects and drive successful outcomes.

PROJECTS

BlindReaper (May '23 - June '23): Spearheaded the development of BlindReaper, a cutting-edge blind XSS detection tool utilizing React.js, Node.js, Express.js and MongoDB (MERN Stack).

School Management Application (Jun '22 - Jul '22): Developed using CodeIgniter framework, SQL, and web technologies, the product simplifies school administration work such as report generation and student management.

ACHIEVEMENTS

- **Qualified the GATE** exam with a score of **445/1000**. (GATE: Graduate Aptitude Test in Engineering.)
- Graduated **top of my class** with a B. Tech. in CSE.
- Completed **more than 20** reverse engineering and tooling projects for various software systems.
- Secured a **top 3%** rank in the NPTEL Programming in Java course, **top 5%** rank in the NPTEL Database Management System course, and **top 5%** rank in the NPTEL Cloud Computing course.
